Initially, I did not think about taking online classes at CLLC. I had planned to attend in-person classes but had to switch to online classes. To my surprise, the online classes are excellent, and teacher Cole Gilbert is an outstanding instructor with a wonderful personality. Therefore, I highly recommend CLLC's online classes as a great alternative for those who are unable to attend in-person classes for any reason.

I am really honor and enjoyable to study at CLLC. I am also grateful to CLLC providing me the opportunity of online language learning, which is an unforgettable experience in my life. During the period of learning at CLLC, the biggest gain I attained is the sufficient practice on spoken language. At the same time, I have made an acquaintance with friends from several countries. It is necessary to join a bridging course. And learning at CLLC online is the best choice. Best wishes for CLLC, and thanks again to CLLC teachers - elegant and beautiful Mellissa, witty and humorous Wayne, honest and kind Cole, and knowledgeable and friendly Kyle.

Studying at CLLC was a great experience. I started at level 6 and then moved on to Level 7. Studying here makes me feel very relaxed and happy. The teachers are always very patient and friendly. Melissa is very friendly. She talked to me for a long time before enrolling, which helped me build up my confidence in CLLC. Cole always gave us a lot of skills in English expression and leaded us to discuss some topics. He always made the class very active and relaxed. Wayne is a great teacher. I enjoyed his class very much and he gave me a lot of skills in academic writing. We often talked about some life topics, and he also gave me a lot of advice on life. These tips were very useful for me to live in Canada.

I miss the experience of studying in CLLC very much. I hope more people will join their English class, you will get a lot of great experience.

It is an amazing language school. Every teacher and staffs there is so friendly and patient. We can only speak English at the school, which pushes students to improve their English quickly. And they also have a lot of activities every week. If you are new to Halifax, don't worry, attend the activities you will get to know the city well. The materials for English learning are very professional. Every student who graduates from the CLLC will miss this school. We had a great time in CLLC.

I spend a lot of great times in this school. Everyone was so kind and helpful, regardless of the age, there wasn't any boundaries, the moment we talk each other and hung out after school was really one of the greatest experience and memories of my Canada life! I'll never forget what I learned here and the friends I made.

It's a so good experience. Everyone is super welcoming and the atmosphere is always pleasant. The classes are great in a good atmosphere, all working and without fear of making mistakes or asking questions. The activities is also very interesting because it's all the time change, they ask people what they think and try new things. If you are hesitant, stop and go for it.

The school is a perfect place to learn English with the amazing teachers who are friendly, funny and helpful and have a huge knowledge to share with the students. I am so glad my teachers were Jonathan, Kezia and Pershang because they are fantastic. CLLC also has a touristic schedule which you can join in everyday and have fun while you learn about Canadian culture and history.

CLLC's Mascot

I was “born” in 2011 and named myself “C”. It’s lucky I have a “C” birthmark around my right eye to help me remember.

The reason I named myself “C” is as a token of appreciation to CLLC students, agents and staff, who are working hard to support me, my family and the many seals around the globe.

Please feel free to donate to the International Fund for Animal Welfare and spread the word to save us

So, did you get my name yet? Say “seal” and then “C”.

Quickly now, CLLC!

CLLC Tureky SOON!

CLLC Turkey represents CLLC's long-term commitment to education beyond language learning. Located in Istanbul, CLLC Turkey is a private daycare and K–8 school following the Turkish national curriculum, strengthened by over 20 years of Canadian education experience.

Learn more cllcturkey.com.

CLLC Turkey was created for ***families*** who seek:

- academic structure without pressure
- emotional safety as a foundation for learning
- clear communication and long-term educational planning

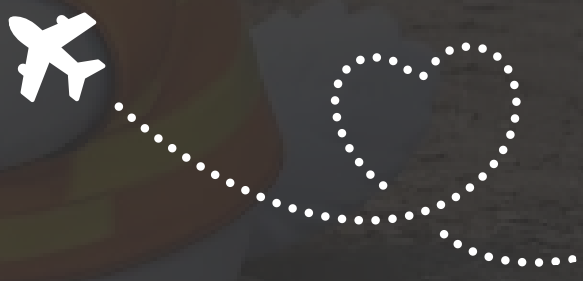
CLLC Turkey is not an international school replacing the Turkish system. It is a Turkish school, thoughtfully designed and guided by global educational expertise.

A School That Understands Children

At CLLC Turkey, education begins with understanding the child. We believe something simple — yet powerful: a child who understands their emotions becomes stronger in life. Children learn best when they feel safe, respected, and supported. That is why emotional well-being is treated as a foundation, not an add-on.

Our approach emphasizes:

- calm, structured classrooms
- respectful and gentle communication
- encouragement instead of pressure



When children feel emotionally safe, everything else becomes easier.

- **They learn better.**
- **They grow better.**

You Belong to a Family

CLLC Turkey is built as a school community, not a high-volume institution. Every child is known as an individual, and families are treated as partners. Communication with parents is open, consistent, and bilingual, creating trust and continuity.

Win–Win Education

Education at CLLC Turkey goes beyond grades. Students gain confidence, responsibility, and self-awareness. Families gain clarity and peace of mind. The school community grows stronger through shared values and mutual respect.

Strong Turkish Curriculum — No Compromise

CLLC Turkey follows the official Turkish national curriculum, delivered with structure, clarity, and respect for national standards. Students develop strong academic foundations while remaining fully aligned with Türkiye's education system.

English as a Living Language

Alongside the Turkish curriculum, students benefit from real English development, shaped by CLLC's Canadian experience. English is not memorized — it is lived.

The Canadian Premier International Education Agencies (CPIEA) includes the Awards, Accreditation, and Global Summit, promoting excellence, collaboration, and innovation in international education.

CLLC is the only school

in the world that has established a **comprehensive recognition** system designed to elevate and standardize the international education industry.
