Students have the responsibility to meet the academic performance requirements of CLLC, follow its policies, treat staff & students with respect & make prompt payments for tuition, homestay & activity fees that have been incurred.

Prior to beginning my studies, I acknowledge receipt of the program, full cost breakdown, program outline & the Student Handbook.

I understand and agree to the following guidelines with regard to admittance:

- Prior to beginning my program of studies, I will write a placement test & will be interviewed by the campus Academic Manager. It is upon the results of these prior assessments that a decision will be made regarding the level and program of study I will be placed in.
- CLLC level equivalency chart below is for general guidance purposes only, it does not guarantee a student admission to any given level.

CLLC LEVEL	CANADIAN LANGUAGE BENCHMARK	ENTRY IELTS SCORE
General English - Level 1	3	0-3
General English - Level 2	4	3-5

Academic Performance Requirements

I understand & agree that I must meet all academic performance and attendance requirements. As such, I agree to the following:

- If I fail two consecutive months I will be asked to sign a “Probationary” contract. If performance plateaus I may be asked to leave with a refund based on CLLC’s refund policy. Alternatively, I may not be promoted to the next level, receive my certificate or I may be asked to change my program.
A CLLC program completion certificate will be issued by CLLC no later than 30 days after I have successfully completed all course requirements if my account is in good standing. The certificate will indicate my course average & last level completed.
- IELTS & Business classes are offered based on the number of interested students
- My evaluations include: weekly tests, assignments (written and oral), homework, class participation, move up tests & formal & informal meetings with teachers & administration.

Attendance

I understand & agree to the following guidelines with regard to attendance:

- I must attend classes regularly & on time.
- If I choose not to attend I must be out of my homestay during normal school hours.
- If I am absent or late on a regular basis I may be asked to leave CLLC & its Homestay Program.

Move Up Policy

I understand & agree to the following process for moving up to a higher level:

In order for students to progress through General English (GE) Program & to advance to the University Pathway Program (UPP) they will have to fulfill the following criteria:

- Meet the required number of hours
- Meet the required marks on weekly tests & assignments
- Receive a teacher recommendation

Standard Move-Up Process

1. When a student reaches the 8th week of the General English Program, they should talk to their Reading and Writing teacher about writing the move-up test.
2. Teachers are responsible for monitoring the readiness of their students to write the move-up test. This involves evaluating the students' past four test or presentation marks, and making sure they reached 75%.
3. In addition to academic performance, students need to maintain an attendance record of at least 85%, reflecting good academic standing.
4. The teacher will make a recommendation if the student has met the move-up requirements. This includes consistent completion of homework and assignments, successfully passing tests, maintaining regular attendance, and demonstrating strong class participation and engagement.

5. The Reading and Writing teacher must also communicate with the Listening and Speaking teacher to evaluate the student's overall performance.

6. If the student does not have four marks above 75%, they are required to stay at the current level until this requirement is met.

7. Once the student and the teacher are in agreement, the move-up test can be scheduled for the end of the 9th week.

8. In order to move-up to the next level a student needs to get a minimum of 75% on the move-up test and at least 75% on the Listening and Speaking weekly test or presentation. If successful, moving up will happen after the 10th week in the level.

Student Advocacy

1. If a student believes they are ready to move-up to the next level before having met the move-up requirements, the student can make a request and meet the Academic Manager to discuss the process of taking the move-up test. This option is limited to one time per level..

2. If the student scores 75% or higher on the move-up test, they will be able to move-up to the next level on a trial basis. The move-up is on the condition that the student is able to successfully pass a weekly test in their first two weeks of the new level. - If they are unable to do so, they will need to return to their previous level.

Alternate Program Structure

1. In programs where Reading and Writing components are unavailable, the primary teacher of the program assumes the responsibilities outlined for the Reading and Writing teacher in the standard move-up process.

In Case of Underperformance

1. If a student scores below 75% on the move-up test, additional time in the current level is required. A score of 65% or above necessitates at least one extra week, while a score of 55% or above requires a two-week extension and potential tutoring assistance.

Accelerated Program

1. For students enrolled in the Accelerated Program, which includes an additional IELTS class each day, the move-up process is condensed into a six-week timeframe.

2. These students are expected to write the move-up test in the 6th week, given their academic standing is good and they have four tests exceeding 75%.

3. Upon achieving 75% or higher on both the move-up and Listening and Speaking weekly test, and maintaining an attendance average of 95% or higher, they can move up to the next level immediately after the 6th week.

Academic Dishonesty

I understand & agree to the following:

Academic dishonesty or academic misconduct is any deliberate attempt to cheat, falsify, deceive, make up or tamper with any academic information, data, reports, records, tests or assignments. It may include the following:

- **Cheating** - This occurs when students use unauthorized information or assistance from others on a test or academic assignment or when they provide others with unauthorized information or assistance. An example would be copying another student's answers or sharing answers on a test.
- **Plagiarism** - This occurs when students deliberately submit or present ideas or words from another source as their own (without properly acknowledging the source). Examples are word for word copying, paraphrasing, making up references or submitting another person's work as your own.
- **Fabrication or Falsification** - This occurs when students invent or counterfeit academic information or data. Falsification occurs when students deliberately change academic information or data. Examples are creating nonexistent references & altering grades.
- **Multiple Submissions** - This occurs when students submit work that has already earned academic credit without authorization. Submitting the same paper in different classes or twice in the same class to receive two separate grades is an example.
- **Sabotage** - This occurs when students deliberately try to stop others from doing or completing their work. Examples are stealing or destroying another student's notes, or an assignment or textbook.
- **Complicity** - This occurs when students deliberately help another to be academically dishonest. An example is giving another student a copy of a test or test question without authorization.
- **Deception** - This occurs when students give false information about an academic exercise. Examples are lying to get an extension on an assignment or to be excused from a test.
- **Misuse of Academic Materials** - This occurs when students use them with the intention of being academically dishonest. An example is distributing or selling academic materials to others .

CLLC students are to be responsible for their own learning & to approach their learning with integrity, fairness and honesty. If an instructor suspects a student has engaged or is engaging in academic dishonesty, he or she will arrange to meet with the student in private to discuss the suspected violation of academic standards. A full explanation of the violation and how to avoid it will be offered. If this is a student's first offence, he or she may be asked to redo an assignment or to rewrite a test.

For subsequent offences, the student may face a reduced grade or a zero depending on the seriousness of the infraction & will be given a warning letter that will remain in the student's file. If the behaviour continues unchanged, the student will meet with the Academic Manager or Director to discuss his or her continuation of studies at CLLC.

Academic Complaint Procedure

Students have the right to fair treatment by staff and students & have the right to complain either formally or informally, if they deem to have been unfairly treated. The Complaint Committee is set up to deal with complaints from students such as requesting a change in grade for a test, assignment, report or program they have been enrolled in or receiving unfair treatment from a staff member or student.

Complaints Procedure:

- Students have the right to attempt an informal resolution first before making a formal complaint to the Complaints Committee. Informal resolution involves discussing the issue with your instructor, Academic Manager or Campus Director. Informal complaints will be dealt with in a timely manner to ensure that the student & all other parties concerned have agreed that the issue has been successfully resolved.
- If the student deems the informal process was unsuccessful, he or she may request that a formal complaint process begin.
- The formal process requires that the student submit a written request & any supporting documentation to their Campus Director describing the nature of the complaint in detail.
- Complaints must be submitted within two weeks of the original incident or incidents causing the complaint. Complaints submitted after this time will not be heard. Students can request an extension of this deadline in extraordinary circumstances.
- The Campus Director will review the documentation & determine if the request for an appeal will be presented to the Complaints Committee.
- The Campus Director will inform the student of the time & location of the Complaints Hearing.
- The Hearing will take place within one week of submitting the formal complaint.
- The student must be present at the Complaints Hearing. The student may be accompanied by another person during the complaint process.
- The Committee will hear & consider the complaint. The Committee will discuss the outcome & any decision to be made.
- The student will be notified of its decision in writing by their Campus Director within a period of 7 days.
- The process shall also include:
 - Giving the student making the complaint an opportunity to make oral submissions,
 - Allowing the student to have a person present with the student at all stages of the proceedings

HARASSMENT COMPLAINT POLICY & PROCEDURE

CLLC is committed to a healthy, harassment-free work environment for all our students. CLLC has developed a company-wide policy intended to prevent harassment of any type, including sexual harassment, of its students & to deal quickly and effectively with any incident that might occur. This policy covers all behaviours that occur on CLLC premises or in other settings where CLLC-related activities occur. This policy applies to all CLLC students.

Definition of Harassment

Harassment occurs when a student is subjected to unwelcome verbal or physical conduct because of race, religious beliefs or creed, colour, place of origin, gender identity or expression, physical or mental disability, age, ancestry, ethnic or aboriginal origin, citizenship, marital status (including single status), source of income, family status or sexual orientations & sex (including pregnancy). Nova Scotia & Ontario Human Rights Law prohibits workplace harassment based on these grounds. Protected grounds under human rights law may also include: record of criminal offences, irrational fear of contracting an illness or disease, political belief, affiliation or activity, association with protected groups or individuals, or other grounds as human rights laws are amended from time to time.

Harassment includes derogatory or vexatious conduct or comments that are known or ought reasonably to be known to be offensive or unwelcome. Harassment may be verbal, physical, written or electronic. Comments or conduct can amount to harassment if directed at another person who reasonably finds the behaviour is unwelcome, personally offensive, or fosters a toxic work or learning environment.

Examples of harassment that will not be tolerated at CLLC are: verbal or physical abuse, threats, derogatory remarks, jokes, innuendo or taunts related to any employee's race, religious beliefs, colour, gender, physical or mental disabilities, age, ancestry, place of origin, marital status, source of income, family status or sexual orientation. CLLC also will not tolerate the display of pornographic, racist or offensive signs or images, practical jokes that in awkwardness or embarrassment & unwelcome invitations or requests, whether indirect or explicit.

Definition of Sexual Harassment:

Sexual harassment includes comments, gestures or physical conduct of a sexual nature where an individual knows or ought reasonably to know that the behaviour is unwelcome & personally offensive to the recipient or to onlookers.

According to the Nova Scotia Human Rights Commission (<https://humanrights.gov.ns.ca/>) & the Ontario Human Rights Commission (<http://www.ohrc.on.ca/en>), sexual harassment can include such things as pinching, patting, rubbing or leering, "dirty" jokes, pictures or pornographic materials, comments, suggestions, innuendoes, requests or demands of a sexual nature. The behaviour need not be intentional in order to be considered sexual harassment.

All harassment is offensive & in many cases it intimidates others. It will not be tolerated within CLLC campuses or on CLLC activities.

Policy Exemptions

The following practices, provided they are conducted in a professional manner, are not considered to fall within the scope of this policy:

- Appropriate supervision & performance appraisal, including training, direction, instruction, evaluation & counselling.
- Appropriate disciplinary action consistent with CLLC policies & legal or contractual obligations.
- Other routine interactions, including interpersonal conflicts or difficulties which from time to time may arise.

Complaint Procedure

If you are being harassed:

- Tell the harasser that their behaviour is unwelcome & ask them to stop. It is acknowledged that in some instances this is not possible or appropriate. If you are unable to communicate directly with the harasser, report your concerns to your teacher or other supervisory personnel. A student who observes an incident that they reasonably believe is harassment should take the incident seriously & address the incident directly by speaking with the individuals involved or by report it to their teacher or other supervisory personnel.
- Keep a record of incidents (dates, times, locations, possible witnesses, what happened, your response). You do not have to have a record of events in order to make a complaint, but a record can strengthen your case & help you remember details over time.
- Make a formal complaint by reporting the problem to one of the following individuals at your campus:
 - Teacher
 - Academic Manager
 - Campus Director
 - Any CLLC staff member you feel comfortable approaching
- You also have the right to contact the Nova Scotia Human Rights Commission or to the Ontario Human Rights Commission to make a complaint of sexual harassment & you can report any incident of assault that has occurred to the following Organizations:

	HALIFAX	OTTAWA	TORONTO
Police - Emergency	911	911	911
Police - Non-Emergency	902-490-0773	613-236-1222	416-808-2222
Rape Crisis Centre	902-425-0122	613-562-2333 / 613-562-2334	416-597-8808 / 416-597-1171
Sexual Assault Centre	902-422-4240	613-234-2266 / 613-725-2160	

Dealing With a Complaint

- Once a complaint is received, it will be kept strictly confidential except to the extent necessary to investigate & resolve the matter. An investigation will be undertaken immediately by senior management & all necessary steps taken to resolve the problem. If appropriate, the actions taken to resolve the complaint may include conciliation.
- Both the complainant & the alleged harasser will be interviewed separately, as will any individuals who may be able to provide relevant information. All information will be kept in confidence except to the extent necessary to investigate and resolve the matter. Records concerning complaints, conciliations & investigations will be retained and stored in a secure and confidential manner.
- If the investigation reveals evidence to support the complaint of harassment, the harasser will be disciplined appropriately. Discipline may include immediate ejection if perpetrated by a CLLC student. The incident will be documented in the harasser's file. No documentation will be placed in the complainant's file when the complaint has been made in good faith, whether the complaint is upheld or not.
- If the investigation fails to find evidence to support the complaint, there will be no documentation concerning the complaint placed in the file of the alleged harasser. Both the complainant & the alleged harasser will be notified in a timely manner of the decision in writing, by the Campus Director / Manager.
- Regardless of the outcome of a harassment complaint made in good faith, the student lodging the complaint, as well as anyone providing information during the investigation will be protected from any form of retaliation by either CLLC Staff or members of the student body. Retaliation includes dismissal, demotion, unwanted transfer, denial of opportunities within the company or harassment of an individual as a result of having, in good faith, made a complaint or having provided evidence regarding the complaint.
- In certain cases, provincial law may dictate that the local police be involved in the process from the beginning or that they will head an external investigation.

Responsibility of Management

As a CLLC student you must know that it is the responsibility of a director, manager or any person within CLLC, to take immediate & appropriate action to report or deal with incidents of harassment of any type, whether brought to their attention or personally observed. FORCE MAJEURE

CLLC is committed to bringing students quality learning experiences, maintaining a high level of academic infrastructure & providing the expert instructors that students have come to expect from us. In order to support this commitment, tuition fees & policies will not change in circumstance where we are obligated to deliver our programs in one or more alternative formats as a result of events which are beyond our reasonable control, such as - acts of war, terrorism, pandemics, illnesses, viruses, epidemics, governmental mandates, regulations, labour shortages/strikes, or other factors affecting our ability to provide safe instruction to our student population on campus.

The decision to move to alternative formats for everyone as a result of the COVID-19 pandemic was considered & done in the interest of student & public safety & to comply with Canadian Government laws. In the result, the way in which education is delivered has been affected, but it does not affect the standard of our program.

WAIVER & RELEASE

I understand & agree that the Canadian Language Learning College & its partners including homestay families are not liable for any injury, loss or unfortunate happening that I may encounter while I am staying at my homestay & / or participating in activities or school events, outings, or any event related to the Canadian Language Learning College. I completely release the Canadian Language Learning College from any possibility of being held liable by myself & / or anyone representing myself. CONFIDENTIALITY

Please be advised that all personal & academic information collected by CLLC will not be released to any third party representative unless permission has been granted.

ONLINE ETIQUETTE GUIDELINE

Interacting in a virtual space through Online Live Classes can be different from a face-to-face setting in terms of communication. At CLLC, we pride ourselves in providing wonderful opportunities for social interaction in our classes & school activity program. Because communication in a virtual environment is via written text or video conferencing, you may miss body language cues, therefore, it is very important to understand some common rules for good online etiquette. This ensures that the message you would like to convey is received accurately.

For further information please refer to CLLC's Student Terms & Conditions at www.CLLC.ca & the items listed below:

Security

Your password is the only thing protecting your privacy:

- Don't share your password with anyone
- Change your password if you think someone else might know it
- Always log out when you are finished your classes

Guidelines

When communicating virtually, students should always:

- Treat your instructor & classmates with respect in email or any other communication
- Use clear & concise language
- Use humour or sarcasm cautiously as tone is sometimes lost in emails or discussions
- Be careful with personal information (both yours & other's)
- Don't send confidential information via e-mail & chat
- Always be respectful of others' opinions even when they differ from your own
- Do not make personal or insulting remarks
- Remember that all communication should have correct spelling & grammar
- Avoid using the caps lock feature AS IT CAN BE INTERPRETED AS YELLING
- Limit & possibly avoid the use of inappropriate emoticons
- Avoid slang terms & texting abbreviations such as "u" instead of "you"
- Make posts that are on topic & within the scope of the course material
- Take your posts seriously - review & edit your posts before sending
- Be as brief as possible while still making a thorough comment
- Be sure to read all messages in a thread before replying
- Don't repeat someone else's post without adding something of your own to it
- Be mindful of your camera & mute button as to whether it's turned on or off

It is important to treat online classes the same as in-person classes in all respects, including behaviour, clothing attire and professionalism.
